## CORRECTION

**IN OUR LAST** newsletter, in our Manager's Choice section, we incorrectly stated that the historical mansion of Senator William Reddick was the site of the Lincoln/Davis debates, when it was actually the Lincoln/Douglas debates. Thanks to all our history buffs who caught our error!

## SILVERLEAF SUPPORTS ...

**OUR RESORTS HAVE** joined forces with OPERATION GRATITUDE to write letters to our troops, past and present.

Join our "Write a Hero" campaign this Veteran's Day. While at your favorite Silverleaf resort, we urge you and your family to take a moment to stop by the activity center where you can pen your own note of thanks or use one of our forms and we'll make sure that all your letters are sent to our troops through Operation Gratitude.

## ... OUR VETERANS

**America is the great country it is today because of the selfless sacrifices of all its Veterans. We honor you.**

## BRANSON, MISSOURI – Veterans Capital of America

**BRANSON IS DEDICATED** to honoring our nation's soldiers, military personnel and veterans, and has been a meeting place for reunions for all branches of the military. Branson has welcomed millions of veterans and their families by honoring them year-round in shows and other venues. Special veterans events are scheduled throughout the year by the Branson Veteran's Task Force, culminating in Veteran's Week which ends on Veteran's Day.

Branson's Veterans Memorial Museum, "Honoring Those Who Served," is one of the most extensive veteran's museums in the country and is filled with more than 2,000 exhibits and murals honoring all branches of military services. Relics like captured flags, uniforms, helmets and weapons of all kinds, including Hitler and Eva Braun's personal side arms, fill the museum. The hallmark of the museum is the world's largest war memorial sculpture created by Fred Hoppe. It is a 70-foot long, 15-ton bronze sculpture, consisting of 50 life-size soldiers storming a beach. Each figure is modeled after an actual WWII combat veteran, one from each of the 50 states. Names of the men and women who died during the wars line each of the five great halls including the names of the over 500,000 U.S. soldiers who were killed in action in WWII. The museum is open daily year-round.

## MANAGERS CHOICE

**DANA CALLAWAY**, General Manager at Holiday Hills Resort in Branson, is thrilled to share some of her favorite things with all her visitors.

Ensuring my guests have plenty of fun activities is one of my most favorite things! We will haunt the afternoon away for our Halloween Bash on October 31<sup>st</sup> with a costume contest, crafts for all ages and plenty of candy! Every Saturday in November our annual hayride takes guests on a scenic tour, full of the colors of fall.

Silver Dollar City is great family fun! Step back in time to an 1880's craft village filled with the best crafts, food, thrill rides, attractions and festivals.

The Branson Landing is where shopping takes center stage on Lake Taneycomo. The Landing hosts a variety of spectacular events, concerts and benefits promising to be amazing. The White River Fish House restaurant located at the Branson Landing is one of my favorite places to eat!

Fall in the Ozarks offers breathtaking views of the autumn landscape beginning in September and lasting through November. Branson celebrates the 39<sup>th</sup> Annual Autumn Daze in downtown Branson September 13-15, featuring crafts, food, live entertainment and more. Continuing the fall fun is Hollister's 14<sup>th</sup> Annual Grape and Fall Festival on Oct. 13<sup>th</sup>. The event starts off with a traditional grape stomp that puts teams against each other. There will be games, prizes, activities, crafts and live entertainment.

Fall is the perfect time to plan your next visit to Holiday Hills - I look forward to seeing you!
